MINUTES OF THE MINISTER FOR EDUCATION

in the Education File, No. 97 of 42, Diary No. 3188

****

" It is necessary to provide a decent building in a suitable locality for the Kannada Middle School for Girls The present building is in the market square which is not convenient for the purpose Not only is the area congested, but it is exposed to considerable noise and dust The rooms are too small to hold the present strength of girls in each class Both the Kannada and Urdu Schools are located in portions of the same building and the accommodation provided for both is inadequate The sooner the schools are shifted from the area, the better it will be in the interests of education of the girls. The site now proposed by the Director of Public Instruction is suitable from all points of view. Unless the strip of land which belongs to the Municipality is made available for school purposes, it will not be convenient to put up a school building in the remaining portion of the land. The Deputy Commissioner may be requested to impress this on the Municipal Council and persuade them to part with the land. This has to be treated as urgent."
